

Storm Drain Stenciling: An Action Project to Help Save the Bay!

Objective of Project: To raise community awareness about the function of storm drains and their link to water quality.

General Information: Storm drains were designed to be the fastest and most efficient way of getting rainwater off streets and parking lots. Unfortunately, the water that flows into your storm drain carries trash and sediment from the street, nutrients in the form of fertilizers, toxics in the form of pesticides, household cleaners, gasoline and motor oil. All of the water in the storm drains ends up in your local stream, river and eventually, the Chesapeake Bay.

Stenciling storm drains in your community may discourage people from putting harmful items and trash in the drains!

Cost:

The cost of borrowing a stencil kit is a **\$25.00 deposit** (stencils and video must be returned).

The Kit Includes:

Directions for stenciling
The use of 1- 4 sets of “Chesapeake Bay Drainage” “Don’t Dump” stencils
Use of a “How To” video

Funding for storm drain stenciling supplies, such as paint and wire brushes, is available through the

Chesapeake Bay Trust. Visit www.chesapeakebaytrust.org for a grant application and guidelines
or contact CBT at (410) 974-2941 or email postmaster@cbtrust.org

Please make out your \$25.00 deposit check to the Maryland Department of Natural Resources and mail it and the order form to:

Joann Wheeler– Storm Drain Stencils
Maryland Department of Natural Resources
Tawes Building E-2
580 Taylor Avenue
Annapolis, Maryland 21401

Contact Information: Joann Wheeler, MD DNR 1-877-620-8DNR EXT. 8809 or
Email: jywheeler@dnr.state.md.us

Please return the stencils after you are finished. Please mail them back to MD DNR (use address above). Please clean the stencils so that another group can use them in their neighborhood or community!

IMPORTANT! You must seek permission from your local Department of Public Works and community before stenciling any storm drains!

Thank you for your interest in helping the Bay!
